

PRICE LIST

Composite Injection Mould Package

A digitally designed mould system that enables precise, predictable composite placement for veneers and smile enhancements.

FULL CASE: Digital design (up to 10 teeth), upper and lower whitening trays, trial smile and injection mould splints	£400
Digital wax up per tooth	£25
Palatal index	£35
Trial Smile - Silicone Index	£50
Whitening Tray per arch	£20

Crown & Bridge Per Unit

Expertly crafted crown and bridge units designed for long-lasting strength, natural aesthetics, and a precise fit.

Emax Crown/ Veneer monolithic	£130
Emax Crown/Veneer Layered	£155
Zirconia Standard Glazed (NHS)	£55
Zirconia Crown/Veneer Monolithic	£95
Zirconia Crown/Veneer Layered	£155
Composite Crown	£55
Maryland Bridge: Wing and Pontic Additional wing or pontic: £75	£150
Digital wax up per tooth (Porcelain/Composite)	£25
Trial Smile/Silicone Index	£50
Emax Inlay/Onlay	£135
Composite Inlay/Onlay	£55
PMMA	£65
Shade Change	£50

Primalign/Clear Aligners and Retainers

Custom-made clear aligners and retainers designed to deliver predictable tooth movement and long-term smile stability.

Advanced Case (~30 sets) Unlimited Refiners 12 months	£795
Simple Case (~16 sets)	£550
Treatment Plan (per arch)	£125
Single Aligner	£70
Essix Retainer (tray)	£40

Design Only Service

Digital design service only, providing precise CAD files ready for in-house milling or 3D printing.

All-on-X design (per arch) Per arch, includes bar/anatomy	£220
All-on-X re-try (per arch) New bite/prescription	£50
Crown/Inlay/Onlay design (per unit) STL/PLY	£10
Veneer Mill or print ready. Plus Smile design when required	£10
Digital wax up Per tooth. Full smile design requiring photos	£15
Implant crown/abutment design (per unit) Screw channel/ti-base parameters	£22
Special tray (design) STL or print	£12
Digital model (per arch) Print-ready base	£10

Implants Single

Single-unit implant restorations crafted for precise fit, durability, and natural aesthetics.

Screw or cement retained mono crown (Zr/Emax) Inclusive of ti base/Custom Abutment	£345
Custom abutment For chairside crown milling	£160
Soft tissue model	£40

Implant Bridges/All-on-X

Premium implant bridge and All-on-X restorations that deliver exceptional aesthetics, strength, and reliable full-arch rehabilitation.

Printed Prototype / Try-in (full arch) Printed for functional/Aesthetic trial	£120/arch
Printed Composite Bridge (long-term) Long-term printed composite; Gum textured and stained	£900 /arch

PMMA Provisional Bridge (full arch) Transitional, higher polish & strength	£650 /arch
Hybrid Composite/PMMA Over Ti Bar FP3 high-strength hybrid over CAD-milled bar	£2,250 /arch
Monolithic Zirconia Full-Arch Monolithic zirconia, full contour	£2,600 /arch

Implant Design & Planning

Comprehensive digital implant design and planning for accurate, predictable surgical and restorative outcomes.

Single implant crown design	£18
Custom abutment design	£25
Surgical guide design (single)	£140
Surgical guide design (2 implants)	£175
Surgical guide design (3+/arch)	£250
Surgical guide print Additional Cost: Metal collar if required	£85
